A couple of quick questions.

1. In the brochure 12 linear feet, is this the length of one side or length+width? Any 12 foot length.
2. Do all accessory buildings need a Planning Permit. No, but all need a zoning permit.
3. Do these buildings need to be behind the front of a house or vacant lot toward the back? At least 40' from a front property line.

Accessory Buildings. Sheds, Carports ETC.
